### **\*\*Chapter One\*\***

It was approaching the weekend. Miley Stewart or as most would know her Hannah Montana, had just done a concert on the Gold Coast. Her best friend Lilly Truscott had joined her for the concert. The two girls had the weekend off and decided to go on a camping trip on an island called Mako Island.

That night was a full moon. Miley and Lilly took a boat over to the island and when they arrived they set up camp. Afterward, Miley had decided that she wanted to go wandering around the island.

Miley's p.o.v

Wow, look at this island. It sure it is beautiful... I feel so at peace with nature. It feels so good to get away from the craziness of my double life sometimes. I love being Hannah but, sometimes I just need a break and that is exactly what Lilly and I are going to get this weekend.

no p.o.v

The girls continued to explore the island just as it was getting dark and the full moon was coming out. As they were walking, Miley heard

Lilly scream. Lilly had fallen down a hole.

"LILLY ARE YOU OKAY?" Miley screamed down to Lilly sounding worried

"I am fine but how do I get out of here?!" Lilly screamed back.

Miley decided that she against her will, would go in after her. She tried to be careful going into the hole but ended up sliding down into it.

"OH MILEY! I knew you wouldn't leave me here" Lilly said hugging Miley.

"Of course I wouldn't Lilly, you are my best friend! Now we just need to figure out how to get out of here" Miley told Lilly hugging her back.

They walked down a little ways looking for an exit and then they arrived at the moon pool. They realized there was no other way out of this area.

"I guess we will have to swim" said Lilly.

"I guess you are right" Miley said sighing.

"We will jump in three... Ready..." Lilly grabbed Miley's hand.  
"One.. Two... Three!"

Both of the girls jumped into the water. Just as they did the full moon rose above the top of the cave and the water started to bubble... Something magical was going on... Lilly and Miley just looked up at the scene above them and were amazed. They were wondering what was going on...

Eventually the moon passed and Lilly and Miley decided it would be best if they just got out of there. Miley and Lily swam out of the opening and back onto Mako Island.

\*\*What will happen next...? What happened to Lilly and Miley that was magical in the moon pool...? Will they survive the rest of the night on Mako...?\*\*
